The City of Norwalk offers a distinctive identity population of around 12,000. Norwalk is a family-friendly and economically strong community with a business friendly atmosphere conveniently located in the southern part of the metro. Norwalk shares borders with neighboring cities of Des Moines, West Des Moines and Cumming and serves as the closest suburban community to the Des Moines International Airport.

Norwalk features a newer housing stock, world class schools home to multiple Iowa Teacher of the Year awards, and some of the best golf around. Voted Businessweek's "Best Affordable Suburb" in Iowa in 2010, Norwalk reaps the benefit of being one of the preeminent suburban communities in the Des Moines Metro. Our median income is over \$20,000 more per household than the rest of Iowa and higher than the Des Moines Metro.

With many service members, veterans, and first responders calling Norwalk home, alongside fictional heroes Brandon Routh (Superman) and Jason Momoa (Aquaman), Norwalk truly is the home of heroes.
